What's In Your Water?

<http://www.wellwater.bse.vt.edu>

Do you know what's in your drinking water? While public water supplies are tested daily for contaminants, most private water supplies, like wells and springs, are rarely tested. It is recommended that well owners test their water at least annually for bacteria and nitrates.

Learn more about the quality of your water and how to care for your water system at our

Fairfax County Well Water Clinic
